

MARS! / SCIENTIFIC MISSION

MISSION No.

11

RED DUST CITY

ART & BEAUTY

CENTRAL QUESTION

Does MARS! need beauty? What makes life a good life?

MORNING

SURVIVAL VS. LIVING

Collect a list with others:

- What is needed for survival?
- What is needed for a good life?

AFTERNOON

BEAUTY & THE VISIBLE IN THE HABITAT

What can make the Habitat more beautiful?

- light
 - music?
 - art
 - symmetry of objects
 - color
 - plants? nature?
- no additional function, just beautification!

QUALITATIVE SELF-OBSERVATION:

- Is the place more pleasant now?
- Do I want to stay longer?
- Does the place feel more "at home"?
- Can I concentrate better?

GOOD LIFE MANIFESTO:

"Habitat is not home until ..."
"Beauty is a resource because ..."

EVA

SURVIVAL VS. LIVING

- What helps people survive here?
 - What makes people want to live here?
- Find a spot that is "beautiful" and describe what makes it beautiful to you and why.

Consider the contrasting properties of the place and the feeling of beauty.

QUESTION FOR THE COMMUNITY HOUR

What would you not throw out of your apartment, even if it is actually not necessary for survival?

Welchen Gegenstand würdest du nie aus deiner Wohnung entfernen, selbst wenn er nicht für dein unmittelbares Überleben wichtig ist?

MATERIAL – WHAT DOES THIS NEED

Pen/paper, laptop, materials around the habitat (craft material, toolbox), voice recorder, camera
