

MARS! / SCIENTIFIC MISSION

MISSION No.

9

RED DUST CITY

THE POWER OF WORDS

CENTRAL QUESTION

MORNING

MARS DICTIONARY

Create a dictionary for life on Mars (how we talk about change).

What does, for example, the following mean?

- neighbour
- home
- nature
- freedom
- property
- community
- privacy / being private
- outside
- food
- night

AFTERNOON

THE OTHER POINT OF VIEW – creative writing exercise for empathy.

Choose 1 event that happened in the Habitat during the day (doesn't necessarily have happened to the describing officer). Describe it from:

- a neutral perspective
- the perspective of the astronaut experiencing it
- the perspective of an object involved
- the perspective of a person on Earth who only heard about it

EVA

Rename places and objects on the marketplace:

- Who gets to name places and objects?
- Which stories disappear through renaming?
- Is naming a form of ownership?

QUESTION FOR THE COMMUNITY HOUR

Are we allowed to simply rename the MARS!platz?

MATERIAL – WHAT DOES THIS NEED

Pen/Paper, laptop, voice recorder, cardboard and marker to rename things on marktplatz?
