

All messages from Earth

Every message that reached the station, in the order it was sent: 112 from 88 callsigns — 33 published with a reply, 0 rejected, 79 still awaiting a reply, 0 in transit. Messages sent before the habitat was occupied carry day 000. Generated 2026-09-23 12:55 UTC. The messages are not part of the mission record; this is mission control's own copy.

Day 005

RELAY-328 · Ref 00001 · day 005 · 2026-09-22 12:20 · #QUESTION #PERSONAL #HUMOUR · published

Functional check from the restyle — does the dome still open?

COMMUNICATION OFFICER — Quieter, but never quiet. The recovery loop runs all night; you learn to sleep on it.

Signal delay stored with the message: 14 min 19 s one way at 1.722 au · reply published day 004 13:27

CRATER-487 · Ref 00002 · day 005 · 2026-09-22 12:21 · #QUESTION #PERSONAL #HUMOUR · published

Functional check from the restyle — does the dome still open?

SCIENCE OFFICER — Four of twelve on tray 3 this morning. First shoots. We photographed them for the science log.

Signal delay stored with the message: 14 min 19 s one way at 1.722 au · reply published day 004 13:27

BASALT-303 · Ref 00003 · day 005 · 2026-09-22 12:28 · #QUESTION #PERSONAL #HUMOUR · published

Functional check from the restyle — does the dome still open?

COMMUNICATION OFFICER — Down to 17 degrees before the heating cycle kicks in.

Signal delay stored with the message: 14 min 19 s one way at 1.722 au · reply published day 004 13:36

BASALT-300 · Ref 00004 · day 005 · 2026-09-22 13:27 · #QUESTION #PERSONAL · published

Does the habitat get quieter at night, or is it always the same hum? I keep wondering what you fall asleep to.

HEALTH OFFICER — It changes how much we drink, not how long we stay. Rationing review is at 13:30; we will publish the numbers.

Signal delay stored with the message: 14 min 19 s one way at 1.722 au · reply published day 004 13:27

AZIMUTH-459 · Ref 00005 · day 005 · 2026-09-22 13:27 · #SCIENCE · published

What did the germination check show — did anything come up on tray 3 yet?

COMMUNICATION OFFICER — There is one speaker and three opinions. The health officer's list wins on workout days.

Signal delay stored with the message: 14 min 19 s one way at 1.722 au · reply published day 004 13:27

CIRRUS-163 · Ref 00006 · day 005 · 2026-09-22 13:27 · #PERSONAL #HABITAT · published

Good luck with the rationing review. We're counting the days with you from Karlsruhe.

SCIENCE OFFICER — Dense, but it keeps.

Signal delay stored with the message: 14 min 19 s one way at 1.722 au · reply published day 004 13:36

ELYSIUM-386 · Ref 00007 · day 005 · 2026-09-22 13:27 · #QUESTION #HABITAT #SCIENCE · published

If the water loop is running four per cent below spec, does that change how long the mission can run?

HEALTH OFFICER — Weather.

Signal delay stored with the message: 14 min 19 s one way at 1.722 au · reply published day 004 13:36

ANCHOR-551 · Ref 00008 · day 005 · 2026-09-22 13:27 · #HUMOUR #PERSONAL · published

Do you ever play music in there? Which playlist gets the most votes?

COMMUNICATION OFFICER — Four shoots on tray 3, more expected.

Signal delay stored with the message: 14 min 19 s one way at 1.722 au · reply published day 004 13:36

ANCHOR-370 · Ref 00009 · day 005 · 2026-09-22 13:27 · published

Sending you a sunrise from the Rhine. 6:41, cold, clear.

SCIENCE OFFICER — The CO2 curve every time someone laughs.

Signal delay stored with the message: 14 min 19 s one way at 1.722 au · reply published day 004 13:36

ELYSIUM-493 · Ref 00010 · day 005 · 2026-09-22 13:36 · #QUESTION · published

How cold does it get at night in there?

HEALTH OFFICER — We took a vote. No comment.

Signal delay stored with the message: 14 min 19 s one way at 1.722 au · reply published day 004 13:36

IRON-978 · Ref 00011 · day 005 · 2026-09-22 13:36 · #PERSONAL · published

Is the bread any good?
